

BIOGRAPHY

Dr Henk Parmentier MD DFFP

General Practitioner, Croydon, South London, UK

Met opmaak: Lettertype: (Standaard)
Arial

Dr Henk Parmentier originates from the Netherlands and has been trained both in The Netherlands and in the UK where he finalised his GP training. He is a practising South London General Practitioner with a special interest in Mental Health, facilitating and conducting Primary Care research.

He is a member of the WONCA (*World Organization of National Colleges, Academies and Academic Associations of General Practitioners/Family Physicians*) Working Party on Mental Health, co-editor of the Journal *Mental Health in Family Medicine* and is a visiting research fellow at the Primary Care section of the I.o.P (Institute of Psychiatry, Kings College London).

He is also a member of the executive committee of PRIMHE (Primary Care Mental Health & Education), a charity that helps Primary Care Professionals and staff to achieve and deliver the best standards of mental health care.

He has been appointed as the Primary Care Lead of the South London and South East Hub of the MHRN (*Mental Health Research Network*), a network funded by the National Institute for Health Research and forms part of the UK Clinical Research Network. The Network supports and delivers high quality clinical and social care research.

He currently holds the post of Medical Director of Patient Care 24, a South London based Out of Hours Provider and is a co-author of "Companion to Primary Care Mental Health", a recently published textbook for primary care mental health.
