

**Primary and long-term care in the age of changing boundaries:  
Policy, practice and imagination  
Online conference  
6th of September – 7th of September 2021**

**Instructions for research abstract authors in the parallel workshop sessions:**

Thank you for your interest to present at the EFPC conference “Primary and long-term care in the age of changing boundaries: Policy, practice and imagination” on 6 & 7 September 2021. Your research presentation will have a time slot at a parallel session in the online conference.

- Two weeks prior to the start of the conference you will find on the conference website the time of the parallel session together with themes and order of presentations
- The parallel session will be chaired by a moderator, who will familiarise himself/ herself with you and your presentation (see the list of moderators as in the detailed program).
- Your abstract will be introduced by the moderator; 2 minutes approximately.
- After the introduction by the moderator, you have the opportunity to provide additional information and details on the results of your research.
- You are advised to support the moderator’s presentation of your research abstract with a maximum of 8 slides (remember: Your last slide should contain the most important message you want to contribute to the conference).
- Please make sure your slides are ready at least 15 minutes before the workshop begins.
- Please do not take more time than you have been allocated and respect the time your fellow presenters need in their parallel session. For each abstract respect the 10 minutes allocated to you.
- The moderator will lead the comments & questions round for another 3 minutes, depending on the programme.
- Once all 4 presentations within the parallel session are done, the moderator will manage the debate for another 30 minutes.
- Your paper will be published on the EFPC website with all other conference presentations.

**Organisational matters:**

- Please register yourself for the conference through the [conference website](#); after registration you will receive all important mailings regarding the conference.
- We recommend you to register as soon as possible as the total number of available places is limited; if we do not receive your registration **until the 1st of August** we will appoint other authors to provide a presentation.

We wish you a successful session!

With kind regards,  
The EFPC Organizing Committee
